## HAZGUARD PROTECTIVE KIT

Overdose deaths have surged as drugs such as heroin, cocaine and counterfeit prescription pills are now commonly laced with fentanyl to increase potency. A speck the size of a few grains of salt can potentially kill a 250-pound (113-kilogram) man. The Clandestine Scene Protective Kit offers ideal protection against a variety of non-hazardous aerosols, liquids and dry particles. The suit's breathable material allows for longer wear times during raids/busts and added comfort.

### KIT CONTENTS:

- 1) Protective Suit with Hood and Boots
- 1) Splash/Protective Goggles
- 1) N95 Respirator
- 1) Pair Nitrile Gloves
